7 General Instructions

7.1 Provisional traffic recommendation

You should anticipate traffic jams along the Talstrasse between the cutoff Albana and the Hertistrasse. For this reason, we recommend using the marked detour via the Matta and Dischmastrasse when driving from Davos Platz to Davos Dorf.

7.2 Traffic delays

In advance of and during the WEF 2022, expect traffic delays, changed routes as well as short-term closures throughout the entire Davos road network, especially in the event of any disruptions in traffic resulting, for example, from a demonstration. An easy-to-read map on the traffic concept during the WEF 2022 is available at www.gemeindedavos.ch.
